FULL DESCRIPTION : (SPECIFICATION OF CO-OPERATION REQUEST / OFFER)	Israeli company specialized in development and production of natural skin care products like soaps, creams, oils and body-butters is seeking for trade intermediary services from an experienced distributor in natural cosmetics and non food natural markets. The company's segment definition is of itself strategic. The company is intending to satisfy those who prefer to use natural products on their skin, high-end buyer, who are willing to pay more for healthy-natural products. The company is seeking

for research and technological development activities for developing new formulations with plants ingredients without preservatives or with natural preservatives, scents and colour. Also, for technological development activities to maintain all the benefits of herbs and plants ingredients. The company seeks to buy environment friendly packages and machines for filling creams and ointments in tubes and ingredients like (vegetable oils, butters. herbs. abrasives, natural preservatives, minerals) from producers that will buy the company products as well.

MAIN ADVANTAGES THE COMPANY
COULD OFFER TO A POTENTIAL PARTNER

The company works with well known Israeli companies in the field and has established good reputation. The company has a good experience on combining tradition with knowledge for developing and producing healthy skin-care products. Dr. Ziad Dabour a pharmacist, and Jamal Hamoud a chemist, Aya's founders. Dr. Ziad Dabour is a retired chief pharmacist of one of the big institutions in Israel, B.pharm, Ph.D., and a college pharmacology lecturer. Jamal Hamoud is a chemist, B.Sc., M.H.A, and was a head planning branch of a big institute in the Israel government. The company's products are environment friendly, bio-degradable, no animal testing and for external use only.
